

Monitoring industry OHS performance

AMCA Australia has instituted an arrangement to collect data on the industry's OHS performance.

This information will be collated, analysed and published on a quarterly basis.

The first half year of information is now available -- it covers the period January - June 2007.

Australia	2007			
	March	June	September	December
	Injury per 1000 hrs	Injury per 1000 hrs	Injury per 1000 hrs	Injury per 1000 hrs
